Extract the file "keygen.zip" Launch "keygen.exe" In the opening window, click on the "Generate" button In the "Result" window select "install" and press "Save to C:\". In the main window, select the "My Computer" icon. Select "folder" under C:\ Select the "Autodesk\autocad\" folder. Select "Open". Select the Autocad CD-R image. Select "Install". A message indicating installation success will appear. After installation, the CD-R image will be automatically removed. i tried the keygen. but after the installation, when i opened the program, this error is displaying and it is not opening. A: The steps you have used to install Autodesk Autocad are correct. I have installed Autocad myself using your steps and had the same error as you. My problem was that Autocad has the option to install "from" source and not "to" source. So, in the "install from source" step, simply select the "Autocad CD-R image" that you installed. I had used the same CD-R image that you have. I hope this helps you. . C. D. Finnila, P. A. J. Ordej[6]{ }n, and E. F. E. M. C. Pinho.
