What's new:

HUGE OUTCOMES & NEAR UNREALISTIC ANIMATIONS. Fighting as a character with a big heart with huge damages for non-human characters and a big speed for human characters is just as fun as fighting with strong spells and items.

CUSTOMIZE YOUR CHARACTER & UNLOCK CREDITS As a character grows in strength and develops powerful abilities, you will be able to assign points to your skills, weapons, and items. You can also develop critical items, such as cat ears that increase your critical damage. The system allows you to freely customize your character.

MAKE BAD LUCK AND BADNESS GO AWAY! The guild system is built into the game. Guilds are made up of members and divided into groups based on skill level. At the same time, guilds can open guild chests in dungeons and obtain bonus rewards. If you want, you can invite specific people to your guild.

LARGE AND EXCITING BATTLE ROOMS WITH A LOT OF INFO ON EACH TURN. Each battlefield is high-definition and three-dimensional, and the information in the battlefield during battle will explain every mechanism. The system efficiently allows you to make the best decisions and enjoy the best fighting experience possible.

What Is Crack?

A crack is a password to protect your game. Think of a lock on your door. A crack allows you access to your game's settings. You need to know the key or password to be able to change the settings. Cracking is the same thing, only the game is the door, and the unlocked settings are the lock.

Many of your personal items, including your name and team, are stored in the game.

If your crack is not working, you can contact us for help to unlock the locker.
