1. Straight Outta Cashville 2. Hands On You 3. Let Me Get In 4. Get Bucked 5. Fast As 6. Murder 7. How Could You 8. Party Animal 9. The Streets Of Philadelphia 10. I Need Money Starring on this Young Buck Straight Outta Cashville is the G-Unit frontman who some might remember as the harsh, family-oriented subject of the 1999 black comedy Get On The Mic. The rock 'n' roll-flavored Straight Outta Cashville proves that Buck's hot streak as a solo rapper hasn't run dry. But, he'll have to show much more than standout guest vocals from T.I., this time around to make a real breakthrough. Record sales might be a bit misleading, due to the fact that this isn't nearly as good as his first, but Buck's new album's star power should make it a popular release. And his passionate country roots shouldn't be ignored. Buck's a down-to-earth Southern boy, and Straight Outta Cashville does a fine job of capturing that part of him. Buck's also got a lot of rapping skills, and fans can look for that to return; he sounds like he's got the makings of a slick emcee. Young Buck's album is the hardest driven of the lot, but at the same time it's the most energetic. The Southern rapper straightens up a bit from the Straight Outta Cashvilles focus on material about his "hometown." But his rhymes are still blunt, with the most lyrically stark set of songs being Cause I'm Buck, Buck & Buck and Open Sesame. On the latter, his pleasing vocal delivery gives the bluesy, old-school sound a modern twist.
